

Hello Credly member,

We hope our beloved customers are safe and well. The work you do to recognize individuals and improve their life or career is more important than ever. Thank you for all you do.

Here are some exciting platform updates to make you smile:

Replacement Badge History

Now when you change anything about an issued badge using the replace feature, the history on that badge will give you enhanced information about what changed (and who made the change).

Earners Experience

Our notification email now points directly to the badge page so earners can accept their badges; no more dashboard first. [This video shows you the earner's view.](#) If you previously used the YouTube version of this video for your own marketing materials, please make sure to check the URL. The latest version has a different URL.

Talent Directory

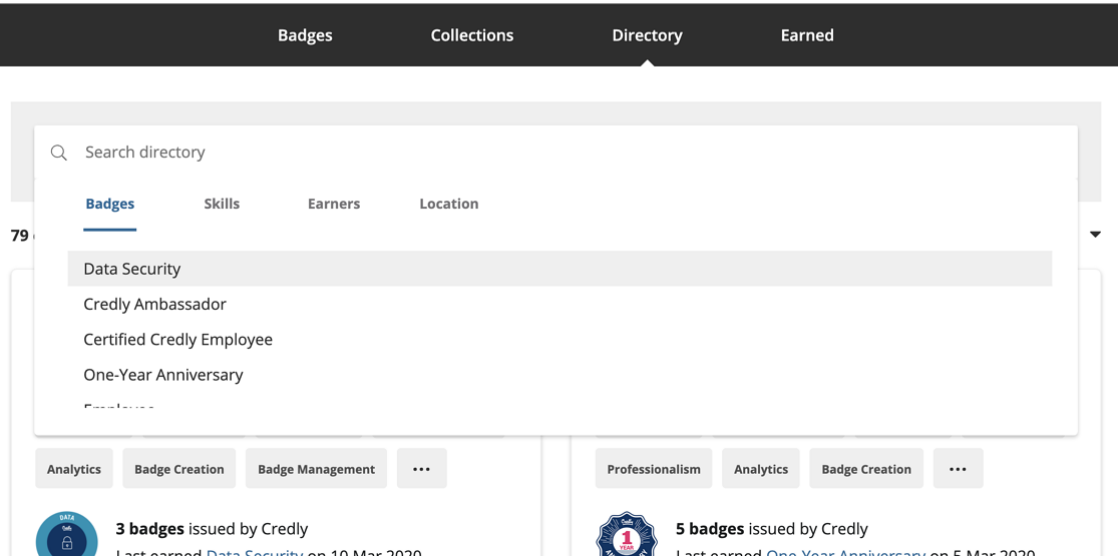

Earlier this week, you should have received an email about an exciting new feature called the Talent Directory. This add-on allows individuals you serve to be discovered by recruiters and employers directly within our Acclaim platform (earners can opt out). [This video gives you a brief overview of the Talent Directory.](#) As the email says, contact your CSM if you'd like to see it in action.

Credly

Credly empowers organizations to officially recognize individuals for demonstrated competencies and skills. Our mission is to connect people to opportunity based on their talent and capabilities. We believe in making meaningful achievements visible and unlocking access to a more diverse and qualified population. Credly and its partners are building the currency for the global marketplace of knowledge and skills.

If you're not getting our emails...

If you're getting this email but not others, or if someone you know needs to be put back on our email list, [please ask them to fill out this form](#). It will ask for confirmation by way of another email...all part of GDPR compliance...but we want everyone to be in the know!

Webinar Central

Upcoming:

[How to Make the Shift from In-Person to Digital Testing and Learning](#), April 15

Past (recording available): [Marketing 101](#)

"We thoroughly enjoyed the Marketing 101 webinar. While we did learn a great deal about outbound and inbound marketing strategies overall, we came away with a deeper understanding of the importance of making content meaningful and helpful to viewers." - Saint Leo University

Cheers,

Credly Customer Success Team
